

ROSEBERRY OPEN DAY SUCCESS September 2022

Children and teachers came together to show their parents and visitors why they all love Roseberry School.

It is 5 years since they last held such an event to show off their work and they are rightly proud of their progress.

Pupils were on hand to explain what they had been learning about and both parents and visitors alike were very impressed by the methods used to make lessons so interesting and enjoyable. The whole approach used at Roseberry is very different from that used in other local schools and it is obviously very successful since their pupils have no difficulty passing the Secondary School entrance tests.
